The period of performance Base Year: Date of Award (or upon approval) through twelve months thereafter.

3. ESTIMATED REASONABLE PRICE:

The estimated fair and reasonable price is \$200,000.00.

4. FACTS WHICH JUSTIFY SOLE SOURCE PROCUREMENT:

- A. The BUILD Initiative is a program of Third Sector New England (TSNE) Mission Works, a non-profit organization and the sole owner, developer and holder of all BUILD Initiative assets including proprietary materials subject to copyright protection.
- B. DEL needs to continue engaging in the membership consortium with other states (Georgia, Illinois, Michigan, New Jersey, Ohio, Pennsylvania, South Carolina and Washington) that are working to enhance its early childhood systems to improve outcomes for children and families. The access to national and state level experts will yield invaluable results to internal performance.
- C. BUILDs program connects the District with programs and services that may have functioned in isolation, been redundant, or lacked resources to meet critical needs. To further advance the establishment of high quality publically funded early care and education system as required in the Child Care and Development Block Grant Act of 2014, it is critical for the District to continue participation in the BUILD program to support high quality early childhood education.
